**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1-15 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art does not teach the stroller as recited in claim 1, which includes two opposite folding devices, two pull blocks each movably mounted on a upper portion of a front frame and two pull cords each mounted in the front frame and each having an upper end secured on the respective pull block to move therewith. Each of the folding devices includes a main body, a socket, a slide plate, and a locking plate. Wherein the main body has a periphery pivotally mounted on an upper portion of a support frame and an upper portion of a rear game. The socket is secured in a lower section the main body and has an inside formed with a receiving chamber having a wall formed with slideway having a bottom formed with a rectangular opening. The slide plate is movably mounted in the receiving chamber of the socket and has a first section secured on a lower end of the respective pull cord to move therewith and a second section slidably mounted in the slideway of the receiving chamber of the socket. The second section of the slide plate is formed with a locking slot aligning with the opening of the slideway of the socket and the locking plate is secured on the upper portion of the support frame and is formed with a protruding locking hook extended through the opening of the slideway of the socket. The locking plate is also detachably locked in the locking slot of the second section of the slide plate, so that each of the folding devices is fixed on the upper portion of the

support frame by the slide plate combining with the locking plate. This recitation, in combination with the rest of the recited elements, clearly defines over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Jacobs discloses an infant stroller, Britton et al. disclose a stroller, Lin discloses a foldable three-wheel baby carriage, Lan discloses a foldable stroller, Chen discloses a foldable stroller, Huang discloses a folding collapsible baby stroller, Baechler et al. disclose a baby stroller, Eyman et al. disclose a multi-purpose collapsible infant stroller.
